

Precedent® Trailer Platform

Precise temperature control to ensure the safety of your load during transport.

TRANE
TECHNOLOGIES

PRECEDENT. WHERE TRADITION COMBINES WITH CUTTING EDGE TECHNOLOGY.

For over 80 years, Thermo King has delivered superior products and performance to its customers. With over 200 authorized, factory-trained service locations across North America, Thermo King is always available to help find the best solution for your transport temperature control needs. The Precedent platform delivers more choice, optimal performance and savings in both fuel consumption and maintenance.

C-600

- CARB-compliant for seven years
- Delivers double digit fuel savings
- Superior temperature control
- Mechanical fuel injection
- < 25 Horsepower engine

S-600

- CARB Evergreen
- No need for Diesel Particulate Filter (DPF)
- Delivers double digit fuel savings
- Superior temperature control
- Electronic fuel injection with real-time fuel monitoring and recording
- >25 Horsepower engine

S-700

- Gives you the capacity to handle deep-frozen loads
- CARB Evergreen
- No need for Diesel Particulate Filter (DPF)
- Delivers double digit fuel savings
- Superior temperature control
- Electronic fuel injection with real-time fuel monitoring and recording
- >25 Horsepower engine
- The only deep-frozen capacity unit in the industry with available shore power operation

All Models Now Connected - Straight from the Factory!

CONNECTED

PRECEDENT

C-600_M

- Allows for multiple temperature zones in one trailer
- CARB-compliant for seven years
- Delivers double digit fuel savings
- Superior temperature control
- Mechanical fuel injection
- <25 Horsepower engine

S-610_m

- Allows for multiple temperature zones in one trailer
- CARB Evergreen
- No need for Diesel Particulate Filter (DPF)
- Delivers double digit fuel savings
- Superior temperature control
- Electronic fuel injection with real-time fuel monitoring and recording
- >25 Horsepower TK488CR engine

S-610_{de}

- Allows for two temperature zones in one trailer without adding remote evaporators
- CARB Evergreen
- No need for Diesel Particulate Filter (DPF)
- Delivers double digit fuel savings
- Superior temperature control
- Electronic fuel injection with real-time fuel monitoring and recording
- >25 Horsepower TK488CR engine

Thermo King – by Trane Technologies (NYSE: TT), a global climate innovator – is a worldwide leader in sustainable transport temperature control solutions. Thermo King has been providing transport temperature control solutions for a variety of applications, including trailers, truck bodies, buses, air, shipboard containers and railway cars since 1938. For more information, visit thermoking.com or tranetechnologies.com.
