

ThermoLite[®] Solar Panels for Beverage Trucks
The perfect solution for battery charging so your truck is ready to go.

BENEFITS INCLUDE:

- Prevents mid-day liftgate battery failures
- Ideal for long-term battery maintenance
- Greatly extends battery life and prevents costly jump starts
- High-efficiency solar cells use latest technology to produce abundant power, even in low light conditions
- Flexible, adhesive backing allows for a quick, efficient installation
- Chemical cleaning and pressure wash compatible

SUPERIOR DURABILITY

- Designed to withstand the toughest conditions in the beverage business
- Weatherproof construction for extreme durability and long life
- Waterproof connections and full SAE-rated componentry
- Hail and tree limb impact resistant flexible polymer construction
- 20+ year expected product life
- 4 year full system warranty

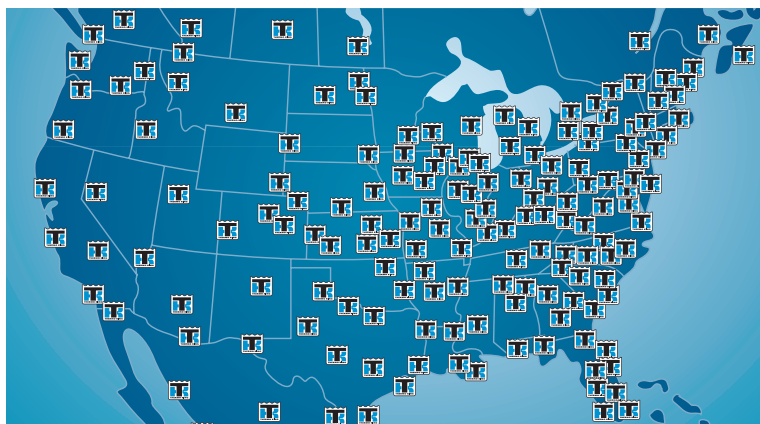

ThermoLite CHARGE CONTROLLER

THE BRAINS OF THE SYSTEM:

- Critical to proper battery charging and system reliability
- Smart, three-stage charging technology via DC-DC converter
- Completely sealed against the environment
- Rugged automotive-rated circuit design
- Regulates both voltage and current to keep batteries from overcharging
- Designed to support AGM and flooded batteries
